

734 SCHOOL LUNCH POLICY

This policy relates to forgotten or misused student lunch numbers and lunch charges. Students are allowed one lunch per day for reimbursement regardless if they are categorized as full pay, reduced or free. Second meals may be purchased.

- A. **Student Lunch Numbers**
New lunch numbers will be assigned to students as needed. Numbers will be sent to each student before the start of school in order for students to memorize their numbers.
- B. **Forgotten Student Lunch Numbers**
Lunch clerks will have a list of the lunch numbers at their station. Any student who has forgotten their number may get the number from the lunch clerk.
- C. **Misused Student Lunch Numbers**
Students may not use another student's lunch number. Parents will receive written notice if their student is purposely using another student's number. A third violation will result in the student being required to report to the lunch clerk daily in order to enter their lunch number. Students will be required to pay any charges they made to another student's account.
- D. **Second Meals**
All second meals purchased, regardless of classification, are charged the adult meal rate. The second meal cost will be charged against the student's account.
- E. **It is the policy of the Crookston Public Schools to allow a total of three (3) meal charges. Parents will be notified before the limit is reached.**
