

Crookston High School Intervention Time Adjustment - Effective Oct. 20, 2025

Crookston High School has adjusted the daily intervention schedule for 9th and 10th graders to improve the overall flow of intervention time and lunch.

The updated schedule is **effective immediately** as of October 20, 2025, and has been shared with students and staff. Classroom teachers have reviewed the changes with students, and copies have been posted throughout the high school side of the building. Students may also request a copy if needed. The main adjustment is that 9th and 10th graders will remain five additional minutes in intervention until 11:53 a.m.

Families may view the updated intervention schedule in the main office and below on this page.

We appreciate your partnership as we continue to refine our schedule to best support student learning and supervision.

Schedule adjustments are made in accordance with the student handbook, which allows for amendments during the school year.

If you have questions, please contact the school office.

Mrs. Conzemius

Crookston High School Principal
Crookston Public Schools
